I conquered the world

40 2 5

Chapter 1 by Supercomicbookgirl

They could have seen it coming, someone crazy enough to actually try it. Hearing all the villains on tv say 'today the city, tomorrow the world' when talking about their "evil" plan inspired me. The only difference between me and those villains is that they never succeed, probably because it's important to the story or something. that's why I made my own story.

The story of how I conquered the world.

Chapter 2 by Debonaircorsiar

What set me apart from the other villains was that, unlike them, I worked in secret. No telling people who I was, what my plan was and, how I was going to go about doing. I struck silently, and when the world was in shock I finished them. One by one the hero fell. They either fell from their grace to work for me, or I killed them, or they did themselves.
